Kymenlaakson Sähköverkko

Electricity network service price list

For small customers
1 July 2026

Electricity network service includes

- the distribution of electricity to the place of use
- renewal and maintenance of the electricity network
- measurement of electricity consumption and generation
- 24-hour monitoring of network operation and fault repair
- customer service
- the 24/7 Oma KSOY service

Prices are shown excluding and including VAT. Prices excluding VAT mainly apply to business customers, while prices including VAT apply to consumers.

The network service product can be changed to another product after a one-year contract period.

If Kymenlaakson Sähköverkko corrects invoicing on behalf of the supplier, the Finnish spot price from the Nordic electricity exchange is used for the correction. The customer has the right to report, within a reasonable period, the actual electricity sales prices that were in force, in which case they will be used to correct the invoice.

General distribution

Suitable for most users in blocks of flats, terraced houses, detached houses and holiday homes, including customers with electric heating, if electricity is mainly used during the day. The general distribution product is also suitable for users with a temporary connection.

Basic charge	VAT 0%	VAT 25.5%	
3 x 25 A, 1 x 35 A *)	12.66	15.89	€/month
3 x 25 A, 1 x 35 A	19.02	23.87	€/month
3 x 35 A	39.08	49.05	€/month
3 x 50 A	53.25	66.83	€/month
3 x 63 A	78.34	98.32	€/month
3 x 80 A	124.22	155.90	€/month
3 x 100 A	159.78	200.52	€/month
Distribution charge	2.267	2.845	cents/ kWh

**) This charge is available if a terraced house or block-of-flats connection has at least five active places of use.*

Night-time distribution

Suitable for customers with electric heating if the heating system uses storage heating and electricity is mainly used at night.

Basic charge	VAT 0%	VAT 25.5%	
3 x 25 A, 1 x 35 A *)	25.39	31.86	€/month
3 x 25 A, 1 x 35 A	37.93	47.60	€/month
3 x 35 A	61.54	77.23	€/month
3 x 50 A	85.79	107.67	€/month
3 x 63 A	106.75	133.97	€/month
3 x 80 A	153.47	192.60	€/month
3 x 100 A	201.77	253.22	€/month

Distribution charge day **	2.248	2.821	cents/ kWh
Distribution charge night **	0.771	0.968	cents/ kWh

**) This charge is available if a terraced house or block-of-flats connection has at least five active places of use.*

*** Daytime electricity from 07:00 to 22:00, night-time electricity from 22:00 to 07:00*

Seasonal distribution

Suitable for farms and other places of use where electricity consumption is high at night and during the summer.

Basic charge	VAT 0%	VAT 25.5%	
Basic charge as in night-time distribution			
Distribution charge winter weekday *	3.123	3.919	cents/ kWh
Distribution charge other times *	1.006	1.263	cents/ kWh

** Winter weekdays 1 November–31 March, Mon–Sat 07:00-22:00; other times outside the above period*

Electricity tax

Electricity tax is charged in connection with the network service fee and remitted to the State. Electricity tax consists of excise duty on electricity and the strategic stockpile fee.

All customers are automatically assigned to electricity tax category 1 unless they have indicated otherwise. Electricity tax category 2 may include, for example, companies engaged in manufacturing, mining, quarrying or commercial greenhouse cultivation. A written declaration on activities in tax category 2 must be submitted to the network operator.

Tax category	VAT 0%	VAT 25.5%	
Electricity tax, Category I	2.325	2.9178	cents/ kWh
Electricity tax, Category II	0.135	0.1694	cents/ kWh
(industrial and greenhouse customers and heat pumps)
